

Aboriginal Heritage Act 1972

Notice of Receipt of Agenda Items for the Aboriginal Cultural Material Committee

The principal purpose of the Aboriginal Cultural Material Committee (ACMC) is to provide advice to the Minister for Aboriginal Affairs regarding the importance and significance of Aboriginal sites. The Committee makes recommendations to the Minister as to whether consent should be granted to use land containing Aboriginal sites for particular purposes, and if so on what conditions, as required by Section 18 of the *Aboriginal Heritage Act 1972*.

The list below provides a preliminary overview of Section 18 Notices received by the Department of Planning, Lands and Heritage (DPLH) for possible consideration by the ACMC at its meeting on 11 August 2020.

Whilst DPLH has endeavoured to contact interested parties, people who may be affected by any of the matters listed below and wish to provide written submissions, can write to:

<p>Toodyay Friends of the River</p>	<p>Toodyay, Land Act No. 11594658, Metro.</p>	<p>Pelham Brook outlet restoration project, erosion minimisation and revegetation. The project seeks to reduce erosion and restore the natural ecosystem in the vicinity of the Pelham Brook Outlet. Currently stormwater and water from the modified Pelham Brook gushes through the outlet during heavy rain events, causing significant erosion and damaging the riparian zone, which is seriously degraded. The work will involve upgrading and extending the outlet apron and the rocky chute at the outlet to slow the water; removing old tyres from the existing channel and replacing with appropriately sized rocks, installing a culvert for the multipurpose (walk and fire access) track crossing; revegetating the lower channel and surround with local native plants to improve the quality of water entering the Avon and to restore an appropriate and evolving ecosystem.</p>

Design and construct a pedestrian footbridge over the current freight rail line and Robb Road, linking the housing development to the east with the foreshore and C.Y. O'Connor beach to the west. Underground the 66 kV power lines between Robb Road and Rollinson Road. A public open space is planned around the eastern extent of the planned pedestrian footbridge. The ground disturbance works include landscaping for a public open space park, trenching to upgrade power line assets and excavation and piling for the pedestrian footbridge.</p>
<p>Shire of Victoria Plains & Mogumber Outback Club (Inc.)</p>	<p>Reserve 8588, Lot 4110 on DP 217183, CT 3151/934, 47 Mogumber-Yarawindah Road, Mogumber, Metro.</p>	<p>Rodeo Arena installation and vegetation clearing. Installation of a permanent rodeo arena on a part of Reserve 8588 where a temporary rodeo arena has been installed by the Club from time to time in previous years. The arena area is a short distance to the north-east of the existing oval on Reserve 8588. The whole of the arena area and the adjacent oval have been cleared for many decades. To support the use of the area for rodeos, the Shire of Victoria Plains has obtained a clearing permit to 'parkland clear' up to 2.059 hectares of native vegetation (permit number CPS 7112/1, dated 22 September 2016). As that permit makes clear, 'parkland clearing' means the clearing of shrubs, herbs and grasses, and excludes the clearing of tree species. In 2015 the Shire resolved to seek permission to parkland clear an additional 2 hectares to the south of the above clearing area. The purpose of the proposed vegetation clearing is to allow for the parking of vehicles by rodeo attendees and some associated camping.</p>
<p>Northwest Resorts Pty Ltd</p>	<p>Lot 2 on Plan 14686, CT 1782/440, Yardie Creek Road, Lot 557 on Plan 412260, CT 2948/146, Yardie Creek Road, Exmouth, Pilbara.</p>	<p>Ningaloo Lighthouse Holiday Park redevelopment. To facilitate a planned redevelopment of the existing Ningaloo Lighthouse Holiday Park. This will include demolition of most of the existing facilities and then development of a mix of hotel rooms, villas, cabins, camping grounds and caravan facilities in a resort style setting, with associated functions spaces and boat wash down areas. A dedicated site for group camping activities is also planned, along with a future Stage 2 development that would include additional short stay/tourist accommodation.</p>
