Preamble

AMD 10 GG 19/04/16

This Local Planning Scheme of the Shire of Toodyay consists of this Scheme Text, the deemed provisions (set out in the *Planning and Development (Local Planning Schemes) Regulations 2015* Schedule 2) and the Scheme Maps. The Scheme Text should be read with the Local Planning Strategy for the Shire.

Part 2 of the deemed provisions sets out the Local Planning Framework. At the core of this Framework is the Local Planning Strategy which sets out the long-term planning directions for the local government, applies State and regional planning policies and provides the rationale for the zones and other provisions of the Scheme. In addition to the Local Planning Strategy, the Framework provides for Local Planning Policies which set out the general policies of the local government on matters within the Scheme.

The Scheme divides the local government district into zones to identify areas for particular uses and identifies land reserved for public purposes. Most importantly, the Scheme controls the types of uses and development allowed in different zones. There are particular controls included for heritage and special control areas. The Scheme Text also sets out the requirements for development approval, enforcement of the Scheme provisions and non-conforming uses.

Scheme details

The Shire of Toodyay

Local Planning Scheme No. 4
District Zoning Scheme

The Shire of Toodyay under the powers conferred by the *Planning and Development Act 2005* makes the following Local Planning Scheme.

PART 1 — PRELIMINARY

1.1 CITATION

1.1.1 The Shire of Toodyay Scheme No. 4 (“**the Scheme**”) comes into operation on its Gazettal date.

1.1.2 The following Schemes are revoked —

Town Planning Scheme No.1	Date of Gazettal 20 May 1983
Town Planning Scheme No.3	Date of Gazettal 8 February 1993

1.2 RESPONSIBLE AUTHORITY

The Shire of Toodyay is the responsible authority for implementing the Scheme.

1.3 SCHEME AREA

The Scheme applies to the Scheme area which covers the entire local government district of the Shire as shown on the Scheme Map.

1.4. CONTENTS OF SCHEME

The Scheme comprises —

- (a) the Scheme Text;
- (b) the deemed provisions (set out in the *Planning and Development (Local Planning Schemes) Regulations 2015* Schedule 2);
- (c) the supplemental provisions contained in Schedule A; and
- (d) the Scheme Map (sheets 1 – 4).

The Scheme is to be read in conjunction with the Local Planning Strategy.

1.5 PURPOSES OF SCHEME

The purposes of the Scheme are to —

- (a) set out the local government’s planning aims and intentions for the Scheme area;
- (b) set aside land as reserves for public purposes;
- (c) zone land within the Scheme area for the purposes defined in the Scheme;
- (d) control and guide land use and development;
- (e) set out procedures for the assessment and determination of development applications; *AMD 10 GG 19/04/16*
- (f) make provision for the administration and enforcement of the Scheme; and
- (g) address other matters set out in Schedule Seven to the Planning and Development Act 2005. *AMD 10 GG 19/04/16*

1.6 THE AIMS OF THE SCHEME

The aims of the Scheme are —

- a) to provide for the orderly and economic development and optimum use of its land and other resources in the Scheme Area, consistent with the conservation of important natural and man-made features;
- b) to provide comprehensive planning instrument for the Shire that is clear and explicit but provides flexibility in its application;
- c) to provide guidance to:
 - (i) the local government in the execution of its planning responsibilities;
 - (ii) public authorities in establishing the likely future needs of the Shire;
 - (iii) the private sector to indicate future development opportunities and planning requirements; and
 - (iv) the community in respect of the manner in which the effects of growth and change are proposed to be managed;
- d) to provide a rational framework for decisions with regard to land use and that the assessment and classification of land resources on the basis of capability and suitability are an essential facet of the planning process;
- e) to facilitate the provision of public amenities and community support services consistent with the development and growth of the Shire;
- f) to ensure that development occurs in a way which preserves existing environmental qualities and minimizes adverse environmental impacts;
- g) to ensure that existing and future residents enjoy a range of attractive living environments and have access to the widest possible range of services and amenities; and
- h) to protect and enhance areas within the Shire identified as being of significant environmental value.

1.7 DEFINITIONS

1.7.1 Unless the context otherwise requires, words and expressions used in the Scheme have the same meaning as they have —

- (a) in the Planning and Development Act 2005 ; or
AMD 10 GG 19/04/16
- (b) if they are not defined in that Act -
 - (i) in the Dictionary of defined words and expressions in Schedule 1; or
 - (ii) in the Residential Design Codes.

1.7.2 If there is a conflict between the meaning of a word or expression in the Dictionary of defined words and expressions in Schedule 1 and the meaning of that word or expression in the Residential Design Codes —

(a) in the case of a residential development, the definition in the Residential Design Codes prevails; and

(b) in any other case the definition in the Dictionary prevails.

1.7.3 Notes, and instructions printed in italics, are not part of the Scheme.

1.8 RELATIONSHIP WITH LOCAL LAWS

Where a provision of the Scheme is inconsistent with a local law, the provision of the Scheme prevails.

1.9 RELATIONSHIP WITH OTHER SCHEMES

There are no other Schemes of the Shire of Toodyay which apply to the Scheme area.

PART 2 — RESERVES

AMD 10 GG 19/04/16

2.1 RESERVES

Certain lands within the Scheme area are classified as Local Reserves.

2.2 REGIONAL RESERVES

There are no regional reserves in the Scheme area.

2.3 LOCAL RESERVES

“Local Reserves” are delineated and depicted on the Scheme Map according to the legend on the Scheme Map.

2.4 USE AND DEVELOPMENT OF LOCAL RESERVES

2.4.1 A person must not —

- (a) use a Local Reserve; or
- (b) commence or carry out development on a Local Reserve,

without first having obtained development approval under Part 7 of the Scheme.
AMD 10 GG 19/04/16

2.4.2 In determining an application for development approval the local government is to have due regard to — *AMD 10 GG 19/04/16*

- (a) the matters set out in clause 67 of the deemed provisions; and
AMD 10 GG 19/04/16
- (b) the ultimate purpose intended for the Reserve.

2.4.3 In the case of land reserved for the purposes of a public authority, the local government is to consult with that authority before determining an application for development approval. *AMD 10 GG 19/04/16*

PART 3 — ZONES AND THE USE OF LAND

AMD 10 GG 19/04/16

3.1 ZONES

3.1.1 The Scheme area is classified into the zones shown on the Scheme Map.

3.1.2 The zones are delineated and depicted on the Scheme Map according to the legend on the Scheme Map.

3.2 OBJECTIVES OF THE ZONES

The objectives of the zones are —

(a) Residential

The objectives of the residential zone are to:

- (i) maintain and enhance the predominantly single residential character and amenity of established residential areas; *AMD 4 GG 07/01/14*
- (ii) provide the opportunity for medium/high density dwellings in selected locations to ensure a variety of housing is available in the town;
- (iii) allow for closer subdivision in areas where sewer becomes available;
- (iv) provide the opportunity for aged persons housing; and
- (v) provide for the preservation of the historical character of Toodyay

(b) Residential Development

The objectives of the residential development zone are to:

- (i) designate land for future urban development;
- (ii) provide for orderly planning and development of larger areas of land for residential and associated purposes through the preparation of a structure plan; and *AMD 5 GG 7/01/14*
- (iii) ensure the adequate provision of physical and community infrastructure.

(c) Special Residential

The objectives of the Special Residential zone are to:

- (i) to protect the character of the Avon River environs by maintaining larger lot sizes adjacent to the Avon River;
- (ii) to provide for the choice of larger lots in proximity to the Town Centre zone;
- (iii) to ensure the provision of community services and facilities in the vicinity of Special Residential zone;
- (iv) to encourage innovative housing designs that complement the natural and cultural landscape of the Toodyay locality; and *AMD 4 GG 07/01/14*

(d) Mixed Business

The objectives of the Mixed Business zone are to:

- (i) provide for commercial, light and service industrial, wholesaling, showrooms and professional services which, by reason of their scale, character and operational land requirements, are not generally appropriate to, or cannot conveniently or economically be accommodated within the Town Centre zone or Industrial zone;
- (ii) provide for development and land uses which will not result in a detrimental impact on the Town Centre zone; and
- (iii) promote buildings of a high standard of architectural design complemented by landscaped surrounds.

(e) Town Centre

The objectives of the Town Centre zone are to:

- (i) establish a strong town focus;
- (ii) develop the town centre as the principal place for retail shopping, office and commercial development in the district;
- (iii) provide for expansion of commercial activity to meet future demands;
- (iv) provide for a variety of housing types and tourism related accommodation;
- (v) provide for social, recreational and community facilities;
- (vi) provide for the efficient and safe movement of vehicles and pedestrians; and
- (vii) provide for the preservation and enhancement of the historical character of Toodyay.

(f) Light Industry

The objectives of the Light Industry zone are to:

- (i) provide for rural, service, light and general industrial activities;
- (ii) provide appropriate buffers between industrial and adjacent land uses to avoid land use conflicts; and
- (iii) avoid conflicting uses from establishing in the industrial area.

(g) Rural

The objectives of the Rural zone are to:

- (i) protect broad-scale agriculture from un-planned breakdown of rural land:
- (ii) subject to (i) above:
 - (a) provide for tourist related activities, including farm stay, bed and breakfast and holiday accommodation;

- (b) provide for a range of rural related uses such as intensive agriculture, aquaculture, rural pursuits; and
- (iii) ensure the protection of and conservation of native vegetation.
- (h) Rural Residential

The objectives for the rural residential zone are to:

- (i) provide for a range of lifestyle opportunities as permitted under the zoning table and other provisions of the scheme. *AMD 4 GG 07/01/14*
- (ii) maintain and enhance the rural character and amenity of the locality;
- (iii) enhance the district's social and economic structure without detrimentally affecting the landscape, environment and existing agricultural activity;
- (iv) ensure the protection and conservation of native vegetation;
- (v) ensure that lot sizes and shapes are rationally related to the topography and state of land development; and
- (vi) have regard for the visual aspect of the site in considering development applications.
- (i) Rural Living

The objectives of the Rural Living zone are to:

- (i) identify areas with convenient access to the Toodyay townsite to take advantage of services provided in the area;
- (ii) to provide for a range of lot sizes between 5 ha to 40 ha, with an average of 15 ha to 20 ha depending on topography and landscape;
- (iii) allow for range of lifestyle opportunities including rural pursuits; cottage industry and intensive agriculture; *AMD 4 GG 07/01/14*
- (iv) provide for tourism related accommodation; and
- (v) ensure the protection and conservation of native vegetation.

3.3 ZONING TABLE

3.3.1 The Zoning Table indicates, subject to the provisions of the Scheme, the uses permitted in the Scheme area in the various zones. The permissibility of any uses is determined by cross reference between the list of use classes on the left hand side of the Zoning Table and the list of zones at the top of the Zoning Table.

3.3.2 The symbols used in the cross reference in the Zoning Table have the following meanings —

'P' means that the use is permitted by the Scheme providing the use complies with the relevant development standards and the requirements of the Scheme;

'I' means that use is permitted if it is consequent on, or naturally attaching, appertaining or relating to the predominant use of the land and it complies with any relevant development standards and requirements of this Scheme.
AMD 9 GG 30/08/16

- 'D' means that the use is not permitted unless the local government has exercised its discretion by granting development approval;
AMD 10 GG 19/04/16
- 'A' means that the use is not permitted unless the local government has exercised its discretion by granting development approval after giving special notice in accordance with clause 64 of the deemed provisions;
AMD 10 GG 19/04/16
- 'X' means a use that is not permitted by the Scheme.

3.3.3 A change in the use of land from one use to another is permitted if —

- (a) the local government has exercised its discretion by granting development approval; *AMD 10 GG 19/04/16*
- (b) the change is to a use which is designated with the symbol 'P' in the cross reference to that zone in the Zoning Table and the proposed use complies with all the relevant development standards and any requirements of the Scheme;
- (c) the change is an extension of a use within the boundary of the lot which does not change the predominant use of the lot; or
- (d) the change is to an incidental use that does not change the predominant use of the land.

- Note:*
- 1. *The development approval of the local government is required for the development of land in addition to any approval granted for the use of land. In normal circumstances one application is made for both the use and development of land.*
AMD 10 GG 19/04/16
 - 2. *The local government will not refuse a 'P' use because of the unsuitability of the use for the zone but may impose conditions on the use of the land to comply with any relevant development standards or requirements of the Scheme, and may refuse or impose conditions on any development of the land.*
 - 3. *In considering a 'D' or 'A' use, the local government will have regard to the matters set out in clause 67 of the deemed provisions.* *AMD 10 GG 19/04/16*
 - 4. *The local government must refuse to approve any 'X' use of land. Approval to an 'X' use of land may only proceed by way of an amendment to the Scheme.*

3.4 INTERPRETATION OF THE ZONING TABLE

3.4.1 Where a specific use is mentioned in the Zoning Table, it is deemed to be excluded from the general terms used to describe any other use.

3.4.2 If a person proposes to carry out on land any use that is not specifically mentioned in the Zoning Table and cannot reasonably be determined as falling within the type, class or genus of activity of any other use category the local government may —

- (a) determine that the use is consistent with the objectives of the particular zone and is therefore permitted;
- (b) determine that the use may be consistent with the objectives of the particular zone and thereafter follow the advertising procedures of clause 64 of the deemed provisions in considering an application for development approval; or *AMD 10 GG 19/04/16*
- (c) determine that the use is not consistent with the objectives of the particular zone and is therefore not permitted.

3.5 ADDITIONAL USES

Despite anything contained in the Zoning Table, the land specified in Schedule 2 may be used for the specific use or uses that are listed in addition to any uses permissible in the zone in which the land is situated subject to the conditions set out in Schedule 2 with respect to that land.

Note: *An additional use is a land use that is permitted on a specific portion of land in addition to the uses already permissible in that zone that applies to the land.*

3.6 RESTRICTED USES

Despite anything contained in the Zoning Table, the land specified in Schedule 3 may only be used for the specific use or uses that are listed and subject to the conditions set out in Schedule 3 with respect to that land.

Note: A restricted use is the only use or uses that is permitted on a specific portion of land and other uses that would otherwise be permissible in the zone are not permitted.

3.7 SPECIAL USE ZONES

3.7.1 Special use zones are set out in Schedule 4 and are in addition to the zones in the Zoning Table.

3.7.2 A person must not use any land, or any structure or buildings on land, in a special use zone except for the purpose set out against that land in Schedule 4 and subject to compliance with any conditions set out in Schedule 4 with respect to that land.

Note: Special use zones apply to special categories of land use which do not comfortably sit within any other zone in the Scheme.

3.8 NON-CONFORMING USES

Except as otherwise provided in the Scheme, no provision of the Scheme is to be taken to prevent —

- (a) the continued use of any land for the purpose for which it was being lawfully used immediately prior to the Gazettal date;
- (b) the carrying out of any development on that land for which, immediately prior to the Gazettal date, an approval or approvals, lawfully required to authorize the development to be carried out, were duly obtained and are current; or
- (c) subject to clause 80(1) of the deemed provisions, the continued display of advertisements which were lawfully erected, placed or displayed prior to the Gazettal date. *AMD 10 GG 19/04/16*

Note: "Land" has the same meaning as in the Planning and Development Act 2005 and includes houses, buildings and other works and structures. AMD 10 GG 19/04/16

3.9 EXTENSIONS AND CHANGES TO A NON-CONFORMING USE

3.9.1 A person must not —

- (a) alter or extend a non-conforming use;
- (b) erect, alter or extend a building used in conjunction with or in furtherance of a non-conforming use; or
- (c) change the use of land from a non-conforming use to another non-conforming use,

without first having applied for and obtained development approval under the Scheme. *AMD 10 GG 19/04/16*

3.9.2 An application for development approval under this clause is to be advertised in accordance with clause 64 of the deemed provisions. *AMD 10 GG 19/04/16*

3.9.3 Where an application is for a change of use from an existing non-conforming use to another non-conforming use, the local government is not to grant its development approval unless the proposed use is less detrimental to the amenity of the locality than the existing non-conforming use and is, in the opinion of the local government, closer to the intended purpose of the zone. *AMD 10 GG 19/04/16*

3.10 DISCONTINUANCE OF NON-CONFORMING USE

Where a non-conforming use of any land has been discontinued for a period of six months the land must not be used after that period otherwise than in conformity with the provisions of the Scheme.

3.11 TERMINATION OF A NON-CONFORMING USE

The local government may effect the discontinuance of a non-conforming use by the purchase of the land, or by the payment of compensation to the owner or occupier or to both the owner and occupier of that land, and may enter into an agreement with the owner for that purpose.

Note: Sections 190 and 191 of the Planning and Development Act 2005 enables the local government to purchase, or, with the consent of the Governor, compulsorily acquire land for the purpose of a local planning scheme, subject to Part 9 of the Land Administration Act 1997, that section and the Scheme. AMD 10 GG 19/04/16

3.12 DESTRUCTION OF NON-CONFORMING USE BUILDINGS

If a building used for a non-conforming use is destroyed to 75% or more of its value, the building is not to be repaired, rebuilt, altered or added to for the purpose of being used for a non-conforming use or in a manner not permitted by the Scheme, except with the development approval of the local government. *AMD 10 GG 19/04/16*

PART 4 — GENERAL DEVELOPMENT REQUIREMENTS

AMD 10 GG 19/04/16

4.1 COMPLIANCE WITH DEVELOPMENT STANDARDS AND REQUIREMENTS

Any development of land is to comply with the provisions of the Scheme.

4.2 RESIDENTIAL DESIGN CODES

4.2.1 A copy of the Residential Design Codes is to be kept and made available for public inspection at the offices of the local government.

4.2.2 Unless otherwise provided for in the Scheme, the development of land for any of the residential purposes dealt with by the Residential Design Codes is to conform with the provisions of those Codes.

4.2.3 The Residential Design Codes density applicable to land within the Scheme area is to be determined by reference to the Residential Design Codes density number superimposed on the particular areas contained within the borders shown on the Scheme Map or where such an area abuts another area having a Residential Planning Code density, as being contained within the area defined by the centre-line of those borders.

4.3 SPECIAL APPLICATION OF RESIDENTIAL DESIGN CODES

There are no exclusions or variations to the Residential Design Codes which apply to the Scheme.

4.4 RESTRICTIVE COVENANTS

4.4.1 Subject to clause 4.4.2, a restrictive covenant affecting any land in the Scheme area by which, or the effect of which is that, the number of residential dwellings which may be constructed on the land is limited or restricted to less than that permitted by the Scheme, is hereby extinguished or varied to the extent that it is inconsistent with the provisions of the Residential Design Codes which apply under the Scheme.

AMD 10 GG 19/04/16

4.4.2 Where clause 4.4.1. operates to extinguish or vary a restrictive covenant the local government is not to grant development approval to the development of the land which would, but for the operation of clause 4.4.1, have been prohibited unless the application has been dealt with as an 'A' use and has complied with all of the advertising requirements of clause 64 of the deemed provisions.

AMD 10 GG 19/04/16

4.5 VARIATIONS TO SITE AND DEVELOPMENT STANDARDS AND REQUIREMENTS

4.5.1 Except for development in respect of which the Residential Design Codes apply, if a development is the subject of an application for development approval and does not comply with a standard or requirement prescribed under the Scheme, the local government may, despite the non-compliance, approve the application unconditionally or subject to such conditions as the local government thinks fit.

AMD 10 GG 19/04/16

4.5.2 In considering an application for development approval under this clause, where, in the opinion of the local government, the variation is likely to affect any owners or occupiers in the general locality or adjoining the site which is the subject of consideration for the variation, the local government is to —

AMD 10 GG 19/04/16

- (a) consult the affected parties by following one or more of the provisions for advertising uses under clause 64 of the deemed provisions; and
AMD 10 GG 19/04/16
 - (b) have regard to any expressed views prior to making its determination to grant the variation.
- 4.5.3 The power conferred by this clause may only be exercised if the local government is satisfied that —
- (a) approval of the proposed development would be appropriate having regard to the criteria set out in clause 67 of the deemed provisions; and
AMD 10 GG 19/04/16
 - (b) the non-compliance will not have an adverse effect upon the occupiers or users of the development, the inhabitants of the locality or the likely future development of the locality.

4.6 ENVIRONMENTAL CONDITIONS

- 4.6.1 Environmental conditions to which the Scheme is, or amendments to the Scheme are subject are incorporated into the Scheme by Schedule 6 of the Scheme.
AMD 10 GG 19/04/16
- 4.6.2 Where appropriate, the environmental conditions are indicated on the Scheme Map by the symbol EC to indicate that environmental conditions apply to the land.
- 4.6.3 The local government is to —
- (a) maintain a register of all relevant statements published under sections 48F and 48G of the EP Act; and
 - (b) make the statements available for public inspection at the offices of the local government.

Note: Environmental conditions are those required to be incorporated into a Scheme or an amendment to a Scheme following assessment under the Environmental Protection Act 1986.

There are no environmental conditions imposed under the Environmental Protection Act 1986 which apply to the Scheme. *AMD 10 GG 19/04/16*

4.7 DEVELOPMENT IN THE TOWN CENTRE ZONE

- 4.7.1 The local government may prepare a Local Planning Policy and/or Plan for all or part of the Town Centre Zone where development and uses will accord with the Policy and/or Plan provisions in addition to relevant scheme provisions.
AMD 10 GG 19/04/16
- 4.7.2 In the absence of strategic or policy statements or a structure plan for land within the Town Centre zone, the local government, when considering a development application, shall take into account other matters it considers relevant to the proposal including floor space limitations, setbacks from boundaries, height of structures and preservation of areas or buildings of architectural or historical interest and the development of land abutting the same. *AMD 5 GG 7/1/14; AMD 10 GG 19/04/16*
- 4.7.3 The density of residential development in the Town Centre zone shall be R10/R50. The local government will only permit development to occur at the R50 density coding if the land can be connected to reticulated sewer services. *AMD 10 GG 19/04/16*
- 4.7.4 All development within the Town Centre zone must make appropriate provisions for car parking, having regard to the requirements of the local government's car parking policy. *AMD 10 GG 19/04/16*

- 4.7.5 For mixed use development comprising of residential and non-residential uses, the provisions of the Residential Design Codes will apply to the residential components of the development, and the provisions of this Scheme to the non-residential component of the development. *AMD 5 GG 7/1/14; AMD 10 GG 19/04/16*

4.8 DEVELOPMENT IN THE LIGHT INDUSTRY ZONE

- 4.8.1 In considering development applications within the Light Industry zone, the local government shall have regard for the: *AMD 10 GG 19/04/16*

- (a) compatibility of the proposed uses with other surrounding uses;
- (b) potential impact of the proposal on the efficient and effective operations of existing and planned industry, infrastructure or public purposes; and,
- (c) risks, hazards, health and amenity associated with the proposed use being located in proximity to existing and planned industry, infrastructure or public purpose or any other use.

- 4.8.2 When considering applications for development approval in the Light Industry zone the local government shall not permit development to be set back less than five metres from the front boundary or buildings to cover more than sixty per cent of the lot and shall have regard for any other minimum development standard contained in the Scheme. *AMD 10 GG 19/04/16*

- 4.8.3 Notwithstanding any provision of the Building Code of Australia the local government may, if it considers the proposal appropriate, approve buildings which abut one side boundary, provided vehicular access to the rear of the lot is maintained.

- 4.8.4 Where a use in the Light Industry zone is defined as a Prescribed Premises in the Regulations to the Environmental Protection Act 1987 (as amended) or an Offensive Trade under the Health Act 1911 (as amended), the local government shall advertise the proposal as set out in Clause 64 of the deemed provisions and may notify the Environmental Protection Authority and/or the Department of Health for comment or advice before considering the matter in the light of such comment or advice. *AMD 5 GG 7/1/14; AMD 10 GG 19/04/16*

- 4.8.5 In the Light Industry zone:

- (a) provision shall be made for the off-street parking of motor vehicles during normal business hours in all developments in an industrial area or of an industrial nature; and
- (b) parking areas shall be designed to enable all vehicles to return to the street in forward gear.

- 4.8.6 In the Light Industry zone:

- (a) no land or buildings shall be developed unless provision is made for an area clear of the street for the purpose of loading and unloading goods or materials;
- (b) the local government will seek to ensure that the majority of servicing vehicles will be able to leave and enter the street in forward gear; and
- (c) access-ways shall not be less than 4.5 metres wide but in exceptional circumstances the local government may permit an access way of lesser width but not less than 3.0 metres and then only when one way system can be established.

4.9 FACTORY UNIT DEVELOPMENT

Land in the Light Industry and Mixed Business zones may be used for a Factory Unit development, provided that:

- (a) there is no more than one occupancy for each factory unit;
- (b) no industrial unit is used for machinery or automotive wrecking or for the sale of motor vehicles or caravans;
- (c) factory units shall be separated from each other by an internal wall or walls constructed of brick, stone or concrete in accordance with the Building Code of Australia and shall not be altered, moved or removed without the approval of the local government; and *AMD 10 GG 19/04/16*
- (d) the factory unit complies with local governments' policy for factory units as amended from time to time.

4.10 DEVELOPMENT IN THE RURAL RESIDENTIAL AND RURAL LIVING ZONES

4.10.1 The local government will only support subdivision for rural residential or rural living in the following circumstances:

- (a) Where the land has been appropriately identified in the Local Planning Strategy and zones in the Local Planning Scheme and has been approved by the local government and the Western Australian Planning Commission.

Where the land has a structure plan for subdivision endorsed by local government and the Western Australian Planning Commission.
AMD 10 GG 19/04/16

- (b) Where the land has not been subdivided for rural residential or rural living purposes under the provisions of this Scheme or any repealed Scheme.
AMD 5 GG 7/1/14; AMD 10 GG 19/04/16

4.10.2 In addition to Scheme provisions affecting rural residential or rural living development, the provisions outlined in Schedule 7 apply to the rural residential and rural living areas so identified.
AMD 10 GG 19/04/16

4.10.3 Restriction on the type and scale of any agriculture land uses or rural pursuits which vary from Scheme will be specified in Schedule 7. *AMD 10 GG 19/04/16*

4.10.4 While local government requires land management controls and environment requirements, where they vary from scheme provisions they will be specified in Schedule 7. *AMD 5 GG 7/1/14; AMD 10 GG 19/04/16*

4.10.5 Sewerage

Where connection to reticulated sewer is not available to a lot in a rural residential and rural living zones, domestic sewerage shall be disposed of by means of alternative effluent disposal system to the satisfaction of the local government and the Department of Health of Western Australia. *AMD 5 GG 7/1/14*

4.10.6 Building Envelopes

- (a) Where building envelope are defined all buildings shall be confined to the area of the building envelope as set out on the structure plan approved by the Western Australian Planning Commission.
AMD 5 GG 7/1/14; AMD 10 GG 19/04/16

- (b) The local government may permit the location of a building to be within the setback area or outside a building envelope when compliance with the prescribed setbacks or building envelope will locate the building on a skyline or necessitate unnecessary and undesirable earthworks or clearance of vegetation. *AMD 5 GG 7/1/14*

4.10.7 Tree preservation/remnant vegetation protection

- (a) The local government may require tree preservation areas to be identified on the plan of subdivision so as to:
 - (i) protect and preserve areas of landscape significance, ridge lines, and stream lines;
 - (ii) protect areas of land management importance including areas of actual or potential erosion or land degradation;
 - (iii) generally provide for visual screening of buildings and development; and
 - (iv) protect recognised vegetation corridors. *AMD 5 GG 7/1/14*
- (b) Within areas designated as a natural vegetation preservation and/or remnant vegetation areas, no indigenous trees or vegetation may be felled or removed except for:
 - (i) trees which are dead, diseased or dangerous;
 - (ii) establishment of a firebreak required under a regulation or bylaw;
 - (iii) access to a building site;
 - (iv) an area up to two metres in width for the purpose of a fence line;
 - (v) vegetation being removed or disturbed as part of a verge/native tree replanting programme carried out with local government's knowledge and approval. *AMD 10 GG 19/04/16*
- (c) Nothing in Clause 4.10.8 (b) (iv) shall be construed to mean that any person can clear a portion of a road reserve. *AMD 10 GG 19/04/16*
- (d) In considering granting development approval for a building, local government may where it considers an area to be deficient in tree cover, or additional tree cover to be desirable in the interests of landscape protection or enhancement, require tree planting located so as to provide adequate visual screening of the building. *AMD 10 GG 19/04/16*

4.10.8 Livestock management

With the intention of preventing overstocking or other practices detrimental to the amenity of the zone and to prevent land degradation and nutrient export, any application for the keeping of livestock will have regard to advice from the relevant State Government departments including in relation to recommended stocking rates and protection of environmental attributes (such as native vegetation, watercourses, wetlands, ground and surface water quality and landform).

4.11 POTABLE WATER

In considering residential development and subdivision in all zones of the scheme, a demonstrated and sustainable water supply for habitable buildings is to be provided to the satisfaction of the local government. *AMD 5 GG 7/1/14; AMD 10 GG 19/04/16*

4.12 HEIGHT AND APPEARANCE OF BUILDINGS

4.12.1 Within the Scheme Area no building shall be constructed in excess of two storeys or 8 metres overall, whichever is the greater, above natural mean ground level.

4.12.2 Notwithstanding the provisions of Clause 4.12.1, after following the procedures set out in Clause 64 of the deemed provisions, the local government may grant approval for the construction of a building higher than the maximum specified. Before granting its approval the local government shall satisfy itself that the proposed building:

- (a) will be in harmony with buildings within the locality;
- (b) will not be detrimental to the amenity or character of the locality or to the town or district in general; and,
- (c) will not affect the development potential of adjoining lots by affecting design, aspect, outlook, views and privacy.

4.13 LANDSCAPING

4.13.1 In all zones except the Rural zone there will be a landscaping requirement for all developments.

4.13.2 The landscaping requirement referred to in sub-clause 4.13.1 means an open area designed, developed and maintained as a landscaped garden and pedestrian area. At the discretion of the local government it may include natural bushland, swimming pools, areas under covered ways or a children's playground. In Rural Residential and Rural Living zones it may include landscaped buffers along lot boundaries and road frontages.

4.13.3 All applications for development approval, except those for residential development involving two dwellings or less shall indicate the landscaping elements of the proposal and in particular a plan showing: *AMD 10 GG 19/04/16*

- (a) the percentage of the site devoted to landscaping;
- (b) the areas subject to landscaping works;
- (c) the percentage and condition of remnant vegetation to be retained;
- (d) location and species of plants, including shade trees planted within and adjacent to carparking areas at the rate of one tree per two car bays;
- (e) other materials imported, arranged and/or constructed on the site;
- (f) areas to be irrigated and the systems to be used; and
- (g) the proposed staging, if any, and timing of the works.

4.13.4 Local government may require modifications or additions to the landscaping work proposed by any development application. *AMD 10 GG 19/04/16*

4.14 ADDITIONAL DWELLINGS

In all zones, only one dwelling house shall be permitted on each lot or location except in the Rural zone, the local government may, at its discretion, approve the erection of more than one dwelling provided that it is satisfied that:

- (a) the additional dwelling(s) are required to provide accommodation for an agricultural or horticultural worker;
- (b) the lot has an area of not less than 40 hectares;
- (c) the total number of dwelling houses on the lot will not exceed two;
- (d) where the second dwelling is to be used for a purpose other than a rural worker's dwelling, the local government must be satisfied that the second dwelling is to be used solely for the purpose of the principal place of residence of an owner or immediate past owner of the land who has been actively engaged for a significant period of time in the day to day management and operation of a substantial rural pursuit on the land and that the balance of the land is to be retained in rural production.

4.15 SETBACK DISTANCES

4.15.1 Setbacks in the Residential, Special Residential and Town Centre zones will be in accordance with the Residential Design Codes.

4.15.2 In the Town Centre zone and the Light Industry zones, no person shall use the setback area between the building line and the street alignment for any purpose other than one or more of the following:

- (a) a means of access;
- (b) the daily parking of vehicles;
- (c) loading and unloading of vehicles;
- (d) trade display only with the approval of the local government; and,
AMD 10 GG 19/04/16
- (e) landscaping.

4.15.3 Setback areas shall not be used for the storing of vehicles which are being repaired or wrecked, the storage of materials, products, by-products or wastes, or the storage of fuel, except in underground tanks.

4.15.4 In the Rural, Rural Residential and Rural-Living zones:

- (a) No building shall be located closer to the boundary than 30 metres, except-
 - (i) in the rural zone, where the setback distance shall be a minimum of 50 metres; or
 - (ii) the building fronts a state/regional or district road, as designated under the scheme, where the building setback to the boundary of the road shall be a minimum of 100 metres; or
 - (iii) where the building is located within a building envelope identified on an approved structure plan. *AMD 5 GG 7/1/14*

- (b) No person shall use the land between the building setback line and the road for any purpose other than a means of access, landscaping or a rural activity permitted in the zone;
- (c) Notwithstanding anything contained in the sub-clauses above, the local government may permit a building to be located within the setback area when:
 - (i) in the opinion of the local government, a physical obstruction precludes compliance with this clause;
 - (ii) the location of the building within the setback area will not adversely effect the amenity of an adjoining owner or the area generally;
 - (iii) for the reason of topography or lot configuration, the prescribed setback cannot be adhered to or would be unnecessarily disadvantageous.
- (d) Where it is necessary to locate a rain water tank within the setback area when seeking the highest point on the property, the local government will require that the side of the tank is made to blend with the environment by painting within six months of erection in an acceptable colour or by the use of a suitable material during construction.

4.15.5 The minimum front setback to any new development on a road proposed to be widened under this Scheme shall be the minimum setback as if the proposed widening had taken place.

4.15.6 Where lots have more than one street frontage the following setbacks shall apply:

- (a) In all zones, other than the Residential zone, where a lot has a frontage to more than one street, the local government may determine which street frontage shall be regarded as the front for the purpose of the setback prescribed in the Scheme.
- (b) With the exception of State/Regional and District roads, the local government may, at its discretion, permit the setback to the secondary street to be reduced to half the specified setback.
- (c) In the Residential zone the provisions of the Residential Design Codes prevail.

4.16 PARKING OF COMMERCIAL VEHICLES IN THE RESIDENTIAL ZONE

4.16.1 Unless prior development approval has been granted by the local government, no person shall, within a Residential zone — *AMD 10 GG 19/04/16*

- a) park or allow to remain stationary for more than four hours consecutively:
 - i) more than one commercial or industrial vehicle on a particular lot;
 - ii) a commercial or industrial vehicle, boat trailer, boat, caravan, or recreational vehicle unless it is parked in a domestic garage or outbuilding, or such vehicle is parked entirely on the lot in a position which is not unduly obtrusive;
 - iii) any vehicle which, due to size or load, is not capable of being completely parked within a domestic garage or outbuilding having a maximum floor area of 45 square metres in which no horizontal dimension is more than 15 metres;

- iv) a vehicle which, together with its load, exceeds three metres in height or longer or wider than permitted on roads without requiring special warning signs, unless the vehicle is being used in connection with building or construction works.
- b) build, repair, paint, service, or renovate any marine vessel, caravan, commercial or industrial vehicle in front of the building line.

4.17 CAR PARKING REQUIREMENTS

4.17.1 Unless otherwise provided in the Scheme, all development must make appropriate provisions for car parking, having regard to the requirements of the local government's Car Parking Policy. *AMD 10 GG 19/04/16*

4.17.2 Where a proposed use is not specifically defined and cannot be associated with a defined use, the local government will establish the requirement for the use dependent on the number of vehicles likely to be attracted to the development and the maintenance of desirable safety standards and the amenity of the area.

4.17.3 Premises with more than one use will have the parking requirements added in proportion to the uses occupying the site unless common usage of the parking occurs when the local government may agree to an adjustment to the total need.

4.17.4 In the Light Industry zone:

- (a) provision shall be made for the off-street parking of motor vehicles during normal business hours in all developments in an industrial area or of an industrial nature;
- (b) parking areas shall be designed to enable all vehicles to return to the street in forward gear;
- (c) parking areas located between the building setback and the street alignment shall be constructed, paved, kerbed, drained, marked out and landscaped and maintained to the satisfaction of the local government;

4.17.5 Where the parking or loading and unloading facility is provided on a lot or lots separate from the lot upon which the development or redevelopment is to occur, the local government will require to be satisfied that the land so allocated will be permanently retained for the purpose by either amalgamation of the lots set aside for parking with the lots being developed or by agreement with local government that the land used for parking or loading or unloading will not be sold separately.

4.17.6 In all zones parking areas located between the building setback and the street alignment shall be constructed, paved, kerbed, drained, marked out, landscaped and maintained to the satisfaction of the local government.

4.17.7 In all zones, the Scheme provisions for parking, loading and unloading, access and landscaped areas, complete with drainage, signs and markings shall be provided at the time of development or at such time as may be agreed in writing between the local government and the developer. All such areas and facilities shall be maintained to the satisfaction of the local government

4.18 SEALED AREAS

Outdoor displays, industrial hire services, storage facilities, depots, laydown areas and any other open area shall be sealed, paved or landscaped to the satisfaction of local government and maintained in good condition.

4.19 TRAFFIC ENTRANCES AND MAJOR ROADS

- 4.19.1 The local government may require separate vehicular entrances and exits to lots or may require such access to be placed in positions nominated by it, if it considers it to be necessary to avoid or reduce traffic hazards.
- 4.19.2 The local government may refuse to permit more than one vehicle entrance or exit to or from any lot.
- 4.19.3 Direct access for vehicles from a Main or Major Road to a lot will not be permitted where access is available from a street at the side or rear of the property or from a right of way.
- 4.19.4 Where vehicular access from a lot adjoining a Main or Major Road is available only from that road, parking, servicing, circulation within that lot and access to and from the Road shall be designed and constructed to allow unhindered movement within the lot to enable vehicles to enter and leave the site in forward gear.
- 4.19.5 The local government will require the forming, sealing and draining of any unpaved right of way or street servicing a development for which development approval is given at the cost of the developer in proportion to the extent of the use of the right way or street by the development in respect to other users as assessed by the local government.

AMD 10 GG 19/04/16

4.20 LOTS WITHOUT FRONTAGE TO A CONSTRUCTED GAZETTED ROAD OR PERMANENT LEGAL ACCESS TO A CONSTRUCTED GAZETTED ROAD

Notwithstanding anything else appearing in the Scheme planning approval is required for the development of land abutting an unconstructed road or a lot which does not have permanent legal vehicular access to a gazetted and constructed road. In considering an application for development approval in these circumstances the local government shall either:

AMD 10 GG 19/04/16

- (a) refuse the application until a road has been gazetted and constructed;
- (b) grant the application subject to a condition requiring the application to contribute to or construct a gazetted road; or
- (c) require that such other arrangements are made for the permanent access to the satisfaction of the local government. *AMD 5 GG 7/1/14*

4.21 TRANSPORTABLE OR PREFABRICATED STRUCTURES

AMD 4 GG 07/01/14

- 4.21.1 The local government may approve the erection or placement of a transportable or prefabricated building on a lot or location providing that the design of the building is to the satisfaction of the local government by reason of such matters as the roof pitch, window size, external cladding materials and other such factors that affect the appearance of the building and that the building will not, in the opinion of the local government, adversely affect the amenity of other properties in the vicinity.
- 4.21.2 The local government may approve a transportable or prefabricated dwelling to be placed on a lot and used as a dwelling provided that, in the opinion of the local government, such building is in a satisfactory condition or can be upgraded to a suitable standard and will not affect the amenity of the area. *AMD 5 GG 7/1/14*
- 4.21.3 Where any material containing asbestos fibres remains on or in the transportable or prefabricated dwelling, whether cement asbestos roofing or cladding or for insulation or for any other purpose, such material shall be removed prior to the building being transported within or into the Shire. *AMD 5 GG 7/1/14*

4.22 MOTOR VEHICLE AND MACHINERY WRECKING AND/OR STORAGE

- 4.22.1 For the purpose of this clause, the term “vehicle” shall include motor vehicle, machinery or anything that can reasonably be included under those terms.
- 4.22.2 No person shall occupy or use or permit to be occupied or used, land in any Light Industry zone or any other zone for the purpose of wrecking and/or storage of vehicles except in accordance with the provisions of this Scheme and the following standards:
- (a) the area of land actually used for the purpose of wrecking and/or storage of vehicles shall not exceed 2000 square metres; and,
 - (b) no more than 40 vehicles may be stored on the land in neat rows and not in any manner greater than two metres in height.
- 4.22.3 Should the local government grant development approval to the use and development of land for the purpose of vehicle wrecking, such approval shall be subject to the following conditions: *AMD 10 GG 19/04/16*
- (a) all vehicle bodies and excess scrap from the wrecking process shall be removed and disposed of in a manner and at intervals satisfactory to the local government;
 - (b) all parts or materials or components shall be stored in buildings and yard areas;
 - (c) all buildings and yard areas shall be kept in a good state of repair and shall be clean and tidy at all times to the satisfaction of the local government;
 - (d) all yard areas where vehicle wrecking occurs shall be enclosed by a fence to the design and satisfaction of the local government and shall be not less than 1.8 metres in height;
 - (e) no vehicle or portion of a vehicle shall be destroyed or otherwise disposed of by fire or any other means of combustion;
 - (f) all practicable means shall be used to minimise any smell from the operation of the business;
 - (g) where appropriate a landscape buffer or other appropriate visual screen be provided.

4.23 LOTS AFFECTED BY ROAD AND RAIL TRANSPORT

If in the opinion of the Western Australian Planning Commission (WAPC) and/or the Council, where residential development is contemplated, at subdivision or development stage a memorial may be placed on the Certificate of Title, advising of potential impacts from road and rail corridors. *AMD 6 GG 13/05/14*

PART 5 — SPECIAL CONTROL AREAS

AMD 10 GG 19/04/16

5.1 OPERATION OF SPECIAL CONTROL AREAS

5.1.1 The following special control areas are shown on the Scheme Maps:

- (a) Avon River Valley
- (b) Toodyay Bypass
- (c) Wetland/River Channel
AMD 10 GG 19/04/16

5.1.2 In respect of a special control area shown on a Scheme Map, the provisions applying to the special control area apply in addition to the provisions applying to any underlying zone or reserve and any general provisions of the Scheme.

5.2 AVON RIVER VALLEY SPECIAL CONTROL AREA

The Avon River Valley Special Control Area is delineated on the Scheme Map

5.2.1 Purpose

The purpose of the Avon River Valley Special Control Area is to promote the objectives of the Avon Arc Sub-Regional Strategy (January 2001) by identifying areas within the Avon Arc of high landscape value and by conserving and enhancing the significant values and features that exist within this landscape area.

5.2.2 Application Requirements

Development approval is required to construct or extend a dwelling or any other building within this special control area. *AMD 10 GG 19/04/16*

5.2.3 Relevant Considerations

5.2.3.1 To preserve and enhance the status of this area as a major scenic and recreation resource the local government will:

- (a) encourage the retention and enhancement of the vegetation cover;
- (b) encourage rural uses to continue in a manner consistent with good land management practice and the enhancement of the environment;
- (c) exercise controls over the subdivision and development of land so that the siting and design of buildings or works will enhance the visual character of the area;
- (d) acquire, where appropriate, foreshore land to protect critical areas of landscape or recreational value and to ensure public access; and,
- (e) permit appropriate uses of a recreational or tourist nature subject to adequate controls on the level of activity and siting of such uses.

5.2.3.2 The local government in considering development proposals on land identified on the Scheme Map as being within the special control area will consider the following before making a determination:

AMD 10 GG 19/04/16

- (a) the effects of the proposal on catchment management and the measures to be taken to mitigate such effects;
- (b) whether the proposed development will materially and seriously effect any wetland or native flora, native wildlife refuge or habitat, especially when such is rare, endangered or a priority species;
- (c) whether the proposed development will effect any identified site of known Aboriginal importance;
- (d) the effects of the development to the natural environment including:
 - i) effects of clearing for development, especially for roads and services; and,
 - ii) habitat disturbance;
- (e) the actions to be taken to ameliorate any adverse effects the development may have on the environment which shall include but not be limited to;
 - i) landscaping and tree planting on road verges and boundaries;
 - ii) provision of habitat corridors;
 - iii) fencing of areas of environmental value; and,
 - iv) the removal from the site of all waste materials resulting from land clearing and the levelling and planting of all earth works and spoil heaps; and,
- (f) whether the proposed development is compatible with the existing rural and scenic character of the Shire of Toodyay.

5.2.3.3 Where development within the special control area is likely to substantially detract from the visual amenity of the district, taking into account the cumulative visual effect of that development and other development that may be anticipated in the locality and in the area generally, local government may:

- (a) refuse to grant its approval to the development, or
- (b) grant development approval subject to conditions regarding size, siting or materials to be used. *AMD 10 GG 19/04/16*

5.2.3.4 A person shall not fill, clear, drain, excavate or otherwise alter by earthworks, any land within the special control area or on any such land, construct any dam, building or levee for any purpose or restrict or partially or totally divert the natural flow of water or natural stormwater run-off or cause any storm water or other water or any other liquid from any source to flow into any creek, watercourse, lake or wetland without the written approval of the local government.

5.2.3.5 A person shall not without the approval of local government, ringbark, cut down, lop, top, prune, injure or destroy by any other means a tree on any land to which this clause applies unless:

- the tree is less than one metre high and has a girth of less than 15 millimetres at a height of 400 millimetres from the ground;
- the tree is dying, dead or has become dangerous;
- the tree is not a protected native plant;
- the tree is not located within 20 metres of a watercourse, or
- it is for the purpose of agricultural activities such as the clearing of fence lines and firebreaks and the removal of re-growth under the age of two years.

5.2.3.6 In considering any application for approval to clear land pursuant to sub-clause 5.2.3.5, the local government will take into account the possible effects on the landscape of the area, the possibility of erosion or other ecological consequences and may, at its discretion, refer the application to the Department of Environment and Conservation, the Conservation Commission of Western Australia or any other Government Department or Authority with a request for advice or, where considered appropriate, with a recommendation that the area concerned, or any part thereof, be considered for acquisition as National Park or Public Use Reserve.

AMD 10 GG 19/04/16

5.2.3.7 The local government may require the preparation of a statement of environmental impacts, which shall accompany a development application for any land subject to this clause to enable the local government to fully consider the possible environmental effects of the proposal.

AMD 10 GG 19/04/16

5.2.3.8 Without limiting the power of the local government to grant approval, the local government may grant approval to develop land to which this clause applies where it is satisfied that;

(a) the characteristics of the land are different from the general characteristics on which the classification of the land was based; and,

(b) there are no other reasonable or practicable alternatives in the circumstances.

5.2.4 Referral of applications for development approval

AMD 10 GG 19/04/16

The local government may refer any rezoning request or development application to any relevant agency for comment.

5.3 TOODYAY BYPASS SPECIAL CONTROL AREA

5.3.1 Purpose

The purpose of the Toodyay Bypass Special Control Area is to protect future residential development from traffic noise impacts associated with the Bypass.

5.3.2 Relevant considerations

In considering rezoning, development or subdivision applications, the local government will have regard to the potential impact of the Bypass on future residential amenity.

5.3.3 Application requirements

The local government will require an assessment of traffic noise levels from the Toodyay Bypass to be undertaken and suitable noise mitigation measures to be investigated and proposed as part of rezoning, development and subdivision applications.

5.4 WETLANDS/RIVER CHANNEL SPECIAL CONTROL AREA

AMD 10 GG 19/04/16

5.4.1 Purpose

The purpose of the Wetlands/River Channel Special Control Area is to manage development within the flood fringe or floodway of the Avon River as identified on the Scheme Maps as wetlands/river channel.

5.4.2 Application requirements

Development approval is required for all development within this special control area.

5.4.3 Relevant considerations

Any application for subdivision or development on land within a floodway or flood fringe as identified on the Scheme Maps as Wetland/River Channel is to be referred to the Department of Water and the local government shall pay due regard to any advice received on such applications..
